

**IFIK Research Seminars
2024**

Fridays 13:40 (unless otherwise stated below)

IFIK Seminar room, Friedbühlstrasse 25

| | |
|---------------|--|
| 20th June | <u>THURSDAY</u> - Yasmine Eddoubaji - Mid-term 14.00-16.00. "Using <i>Zophobas morio</i> larvae to design a new <i>in vivo</i> model of intestinal colonization due to multidrug-resistant Enterobacterales". Hybrid format |
| 21st June | Adrian Sommer MSc presentation "Evaluation and Characterization of the Mode of Action of Apilimod, an Inhibitor of Influenza D Virus Infection." |
| 28th June | PI meeting |
| 5th July | Nadezda Mostacci "Microbiome in low density samples." |
| 12th July | Sandra Carvalho - ITQB-UNL, Portugal |
| 26th July | at 14:00 Luca Beldi - PhD defence "Microbial interactions mediating <i>Clostridioides difficile</i> colonization resistance". Hybrid format. |
| 16th August | PI meeting |
| 6th September | Janine Lux - PhD thesis defence "Interspecies communication between <i>Streptococcus pneumoniae</i> and other bacteria via peptides" |
| 15th November | Tamara Habegger |
| 13th December | PI meeting |
